Hi Randy,

Yes, we should have all the coordinates and I will talk to Adam about the Tronox viewer when he is in the office tomorrow.

Regards,  
Craig

See below. Can you supply me with this info?

Also, looking ahead, I'm going to want all of this information into a format that can be pushed up to a viewer (probably the one we are using for Tronox). We can talk about what that format needs to look like.

Thanks,

Randy,  
Clancy and Nicole have asked me to work on preparing maps  
for Clancy to take to Navajo. Do you have coordinates for  
Baca-Haystack structures, a structure near Gallup under  
construction, and structures off of 566 near Churchrock that  
were previously rebuilt?
